Dear Mr. Monfreda:

Thank you for submitting your course to our office for review. It is my pleasure to notify you that the NAHI Education Committee has completed their review of your program.

The National Association of Home Inspectors, Inc. (NAHI) receives numerous phone calls from home inspectors seeking educational opportunities for additional training in the home inspection field. NAHI does not approve or accept "certification" by any home inspection company. However, upon a complete review of a training course or seminar, NAHI will grant continuing education credit.

Capital Inspection and Consulting Group's course has been approved for the following NAHI continuing education units (CEU's):

- **LEED Training** **6.0 CEUs**

What does this mean for your organization? Any NAHI member who completes this educational program will receive credit toward their annual educational requirements.

If you should have any questions regarding the above, please feel free to contact me. Thank you and have a great day!

Sincerely,

A handwritten signature in cursive script that reads "Julia Kloehn".
